Re: R3WG4 CEA 2009 Document (Receiver Performance for NOAA All Hazard Alert System)

Dear Wadei,

We understand that CEA is or may be in the process of establishing a Standard or Standards ("Standard(s)"), called CEA 2009, "Receiver Performance for NOAA All Hazard Alert System". THOMSON SA, acting on its own behalf as well as on behalf of its majority owned or controlled subsidiaries, including its American subsidiary Thomson Inc. (the foregoing collectively, "THOMSON"), is pleased in this connection to provide this Intellectual Property Rights statement.

THOMSON's general policy is that we are willing to grant or have granted non-exclusive, non-transferable licenses, without the right to sublicense, under reasonable terms and conditions that are demonstrably free of any unfair discrimination, to the extent we are free to grant such licenses and to the extent our technology is necessary in the use of the Standard(s), for the making, use or sale of finished multimedia and/or consumer electronic products for end-use.

Sincerely,

Dale Mohlenhoff
